

Initial amount of literature

Licenses
found from the
five initial
listing sites

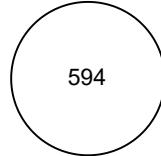

**Literature left after the simple
removal of duplicates**

A total of 277 licenses were
duplicates between the five
listing sites

**Literature left after basic
inclusion/exclusion criteria**

A total of 124 licenses failed
to meet the
inclusion/exclusion criteria

Final set of literature

Further 62 licenses were manually
excluded for failing to meet quality criteria,
resulting in the final set of 594 licenses of
which the full text was retrieved, read and
data extracted
